Amazing Surf&Stay Experience Introduction Week 7 days – 6 nights

Join us on a surfing odyssey for a taste of the Mexican surf lifestyle in the renowned Nayarit Riviera just located about 45 minutes north from Puerto Vallarta. Sayulita's consistent waves, warm water, and village charm makes it the ideal backdrop for the ultimate surf experience. This trip is ideal for young travelers looking to meet people, have fun, enjoy and share with other travelers and surfers , that want to enjoy a surf and sun filled holiday.

Day 1: Arrival

You will be met at the airport in beautiful Puerto Vallarta by our transportation service (optional) and will be taken to your accommodation in the village of Sayulita. The 45 minute scenic drive to Sayulita will drive through the roadside towns of Nuevo Vallarta and Bucerias. After driving through the beautiful jungle you will emerge at the entrance of our beautiful beachside village

of Sayulita. You will spend the afternoon and evening getting acquainted with the cobblestone streets and open-air markets of this throw-back Mexican surfing village.

Day 2: Welcome to Surf Paradise

After you wake up in the Amazing Hostel Sayulita, we will meet up at our beach location at the first low tide of the day with your small group for our first scheduled surf lesson.

Sayulita's crescent bay and shallow sandy bottom make it ideal for catching your first waves on the long, consistent sand bottom beach break. After introductions and some land lessons in safety, surf etiquette, and basic techniques we're ready to hit the water and catch our first waves.

Wildmex's expert instructors will teach you basic surf dynamics including wave selection, speed and pop - up technique. . Your surf instructors will be on hand to work with you individually and give great tips to improve your efficiency. By the end of today beginners will have caught their first wave and more advanced riders will have perfected fundamental skills.

We will then break for lunch and a much needed rest. You should take this opportunity to hit the fresh fruit stand on the sand bar or grab a seaside burrito, you've certainly earned it. Take the rest of the afternoon at your own pace to improve on the skills that you have learned.

Day 3: Find Your Stroke

Your second day of surfing in Sayulita will build on the fundamentals we have already learned. Today your instructors will take you to the next level by teaching you how to select the best waves, pivot, and optimal paddling techniques to catch waves by yourself. Get ready to move to deeper water and catch breaking waves!

The later part of the morning will be an open surf session to catch a few more waves and some “one-on-one” time with your instructors. Now you will have the confidence and skills to move onto the bigger waves and different breaks that lie ahead.

Day 4 to 6, the real surfing experience:

From day 4 to 6, guests can come into our headquarters in Sayulita, grab a Surf Board or Paddle board, and practice their just acquired skills at Sayulita's surf breaks. Three Breaks to choose from, the beginner beach break, and the intermediate surfers right and left handers.

7: Departure Day

If you just haven't had enough, get your morning surf in before your airport shuttle to Puerto Vallarta Airport comes to take pick you up.
